

FLOORS @ WORK

Do's & Don'ts for Vinyl

- ✓ **DO** Place a natural or colorfast mat at outside entries to catch tracked-in dirt and moisture.
- ✓ **DO** Prevent indentations with felt floor protectors on chairs and furniture.
- ✓ **DO** Immediately wipe up spill or wet feet with a cloth or sponge.

- ☒ **DO NOT** Use soap-based detergents or “mop and shine” products, which may leave a dull film.
- ☒ **DO NOT** Install kitchen islands or cabinets over vinyl floors.
- ☒ **DO NOT** Use abrasive cleaners or steel wool, which can leave scratches.
- ☒ **DO NOT** Install finishing trims too tight to the floor. You should be able to slide a sheet of paper between the two.
- ☒ **DO NOT** Wax your floor.
